

Data for the OFML world

UPDATE APRIL 2023

These data updates include pricing and functional changes. This concerns the data of the areas: Austria, Spain, France, Italy, Denmark, Netherlands, United Kingdom and Switzerland.

- For all of the above territories: Price adjustments valid as of April 1, 2023.
- The following collections/models/options are no longer available:
 - Yoster, XXXL, Formeo
 - Champ: ring armrests polished
 - Airpad: 3C42 & 3C72: ring armrests polished
 - Aim: For the mechanics with Autolift function: seat depth adjustment (601), adjustable lumbar support (604), seat depth and lumbar adjustment (608)
- Additions:
 - Tangram: Elements available on castors
 - Nesty: Frame type has changed to round tube
- Adjustment of data for Austria, Spain, France and Italy:
 - On April 1st, we combined these identical country data into an OFML data set.
 - There is no change in the use of the data. The behavior of the data is identical to a standard price update.
- General information after a price update:
 - If you are working with planning templates or offers in the Concept Office / Online Basket / Planner, you should update the articles using "Update article".
 - This means that you will get the prices but also new options for the selected items. This also

works when multiple items have been selected.
